SHAROE GREEN
dental practice

Thank you to all our patients who have gone to the effort in leaving a google review after your visit. The praise we receive really means a lot to the team.

"Very professional team right from reception to all staff, great care, treated with compassion, excellent communication, would be happy for the team to treat my friends and family as an experienced doctor myself, I feel this practice as one of the best"

Next time you visit - please leave a review!

New Year..... New Smiles?!

Fad diets.. New Year Resolutions...New Smile?

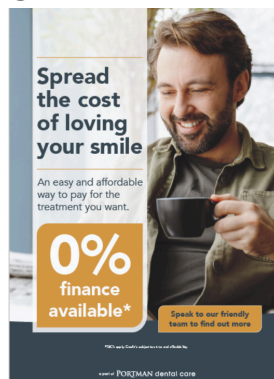

As we go into 2025 what are you hoping to achieve?

Improving your smile is something we can support you with in 2025.

Self Conscious of your Smile? - Speak to us about **Invisalign, Cosmetic bonding and Teeth Whitening!**

Want to improve your quality of life by fixing gaps in your teeth?- Speak to our team about **bridges or implants.**

With **interest-free** payment plans available.

Make 2025 the year you put your teeth first!

Sharoe Green Baby!

We are thrilled to announce our 2nd Sharoe Green Dental baby of the year. Our dental nurse Shannon welcomed Thora in October.

Mum and baby are doing fantastic.

Share your smile

Word of mouth matters!

We love to meet new patients!

Did you know.....

1. Take one of our 'Share your smile' cards.
2. Add your details & recommend a friend or family member.
3. Ask the your friend or family member to bring the completed card to their first appointment.
4. We process the card and you both get a £20 M&S Voucher!

Well done Lottie!

It only seems like yesterday that Lottie first came to interview at the practice for an apprentice nurse position. After years of hard work, training, practical and theory exams Lottie is now a qualified dental nurse.

"Lottie has been an incredible asset to our team. She cares deeply about her role, providing fantastic support to our clinicians and patients. She is a brilliant team player and we know that she will now want to continue her personal development gaining further qualifications. We are so lucky she applied for the position with us and we had no doubt that she would pass her exams and qualify" *Kate, Practice Manager.*

Family Event

We know how important finding a dental practice you can trust is. Having your children be a part of a dental practice is also important as having a child engaged in their oral health will impact the rest of their life.

In February we will be running a special half term offer.

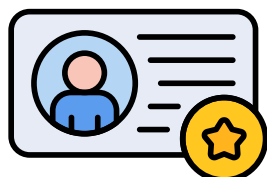

For every new adult examination, we will see their child for free.

The parent will also save 20% off their New Patient Examination cost.

Do you have children in the family who need a dentist?- spread the word!

Are you accessing our membership benefits?
